

HORNSEA MAST (110m)

Communications with the Hornsea met mast are currently down therefore the operation of the deck level NAVIGATION LIGHTS and top level AVIATION LIGHTS (110m) cannot be verified.

The issue will be corrected as soon as possible, but all mariners are advised to mark the position of this mast on their charts/plotters and take particular effort to keep clear until informed that the issue has been corrected.

The METROLOGICAL MAST is situated at the following position:

Hornsea Met Mast (HS MM1)	Lat
53° 53.149	Long 001° 59.497

Attached with this notice is a picture of the Met Mast.
