The operations will commence with **Simon Stevin** on or about the **4 August 2018**. The exact finish date is dependent on the prevailing weather conditions, vessel downtime and work progress.

The vessel will be installing rock protection, and this will restrict its ability to manoeuvre. It will be requested that all vessels operating within the area keep a safe distance (500m) and pass at minimum speed to reduce vessel wash.

Operations will be conducted on a 24 hour basis. Throughout operations the vessels will be displaying the shapes and lights prescribed in the International Rules for the Prevention of Collisions at Sea (COLREGS) Rule 27. Displaying the prescribed shapes and lights when the vessel is restricted in its ability to manoeuvre.
