

**DOGGER BANK GEOTECHNICAL SITE  
INVESTIGATION 2018**

**DOGGER BANK CREYKE BECK A AND B  
PROJECT AREAS**

**NOTICE TO MARINERS –  
FUGRO SCOUT**

**Fugro Document No.:  
180772-NtM\_Geotech (01)**

0	Issued for Notification	TJ			
<b>Rev</b>	<b>Description</b>	<b>Prepared</b>	<b>Checked</b>	<b>Approved</b>	<b>Date</b>

## 1. INTRODUCTION

Dogger Bank Windfarms (Equinor(Statoil)/SSE) is planning site investigation activities in Creyke Beck A and B, both part of the Dogger Bank Wind Farm zone. Fugro will be undertaking drilling operations from vessel Fugro Scout.

The Dogger Bank site is located in the North Sea approximately 125-290km off the east coast of Yorkshire, covering an area of 500km<sup>2</sup> in water depths of approximately 17-35m.

## 2. AREA OF OPERATIONS

Activity will be carried out throughout the Dogger Bank offshore site in the Creyke Beck A & B areas. The following map indicates the limits of the Site Investigation area:

## 3. OFFSHORE GEOTECHNICAL INVESTIGATION

Please be advised that Fugro will be carrying out marine geotechnical operations using the Fugro Scout on behalf of Dogger Bank Windfarms (Equinor(Statoil)/SSE) for the Dogger Bank site investigation.

The geotechnical operations at the Dogger Bank site are expected to be carried out from around 18<sup>th</sup> July 2018, lasting approximately 5 weeks. However, the exact start and finish date will be dependent on the prevailing weather conditions and work progress.

Fugro Scout will be deploying seabed testing equipment which will require her to remain stationary for periods of approximately 30 hours at a time. **It is requested that all vessels operating within this area keep at a safe working distance of 500 metres and pass at minimum speed to reduce vessel wash.** Furthermore, it is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, within the survey area, that could be damaged or form a hazard to the survey vessel and its equipment advises Fugro of their position and nature

Survey operations will be conducted on a 24 hour basis. Throughout survey operations the vessels will be displaying the shapes and lights prescribed in the International Rules for the Prevention of

Collisions at Sea (COLREGS) Rule 27, to indicate that the survey vessels are restricted in their ability to manoeuvre. A listening watch will be maintained on VHF Channels 12 and 16, and the vessels will actively transmit an AIS signal.

#### **4. IMMEDIATE CONTACTS**

The contents of this notice are based upon our current understanding of Dogger Bank project requirements and upon Fugro's planning at the time of submission. It should be noted that Fugro will endeavour to update this notice as required.

Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to Fugro (survey contractor):

Tom Jermy – Project Director

Tel: +44 (0) 1491 820 657, +44 (0) 7393 797 429 (mob), Email: [t.jermy@fugro.com](mailto:t.jermy@fugro.com)

Ahmed Jareh – Project Manager

Tel: +44 (0) 1491 820 657, +44 (0) 7818 594 288 (mob), Email: [a.jareh@fugro.com](mailto:a.jareh@fugro.com)

**5. SURVEY VESSEL**

Geotechnical operations will be conducted by the vessel Fugro Scout. Client, contractor and fisheries liaison contact details are provided in the Notice to Mariners distribution list in Section 6.

	<b>General Information</b>	
	<b>Name</b>	Fugro Scout
	<b>Flag</b>	Singapore
	<b>Year Built</b>	2015
	<b>IMO</b>	9600372
	<b>Call Sign</b>	9V3887
	<b>Class</b>	Geotechnical Drilling Vessel
	<b>Dimensions</b>	
	<b>Length</b>	82.9 m
	<b>Beam</b>	19.8 m
	<b>Draught (loaded)</b>	5.65 m
	<b>Gross Tonnage</b>	4,644 t
