

NOTICE TO MARINERS, Metmast removal works rev 2, 28-09-2017

Please be advised that licensed activities described in marine license L/2017/00171/1 and subject of a previous Notice to Mariners issued on 5 September 2017 are ongoing and are now scheduled to continue until **02 October 2017**, all weather and progress depending. The figure and table 1 below provide details of the work location.

Seafox 5, call sign 2FEP5, a self-propelled jack up rig has completed removal of Doggerbank East Metmast and is now continuing with works for removal of Doggerbank West Metmast. All vessels in vicinity are advised to keep at least 500 metres clear of the operations. In addition to this notification a rigmove warning was issued prior to Seafox 5 departing the Doggerbank East Metmast location for the Doggerbank West Metmast location on 26 September 2017.

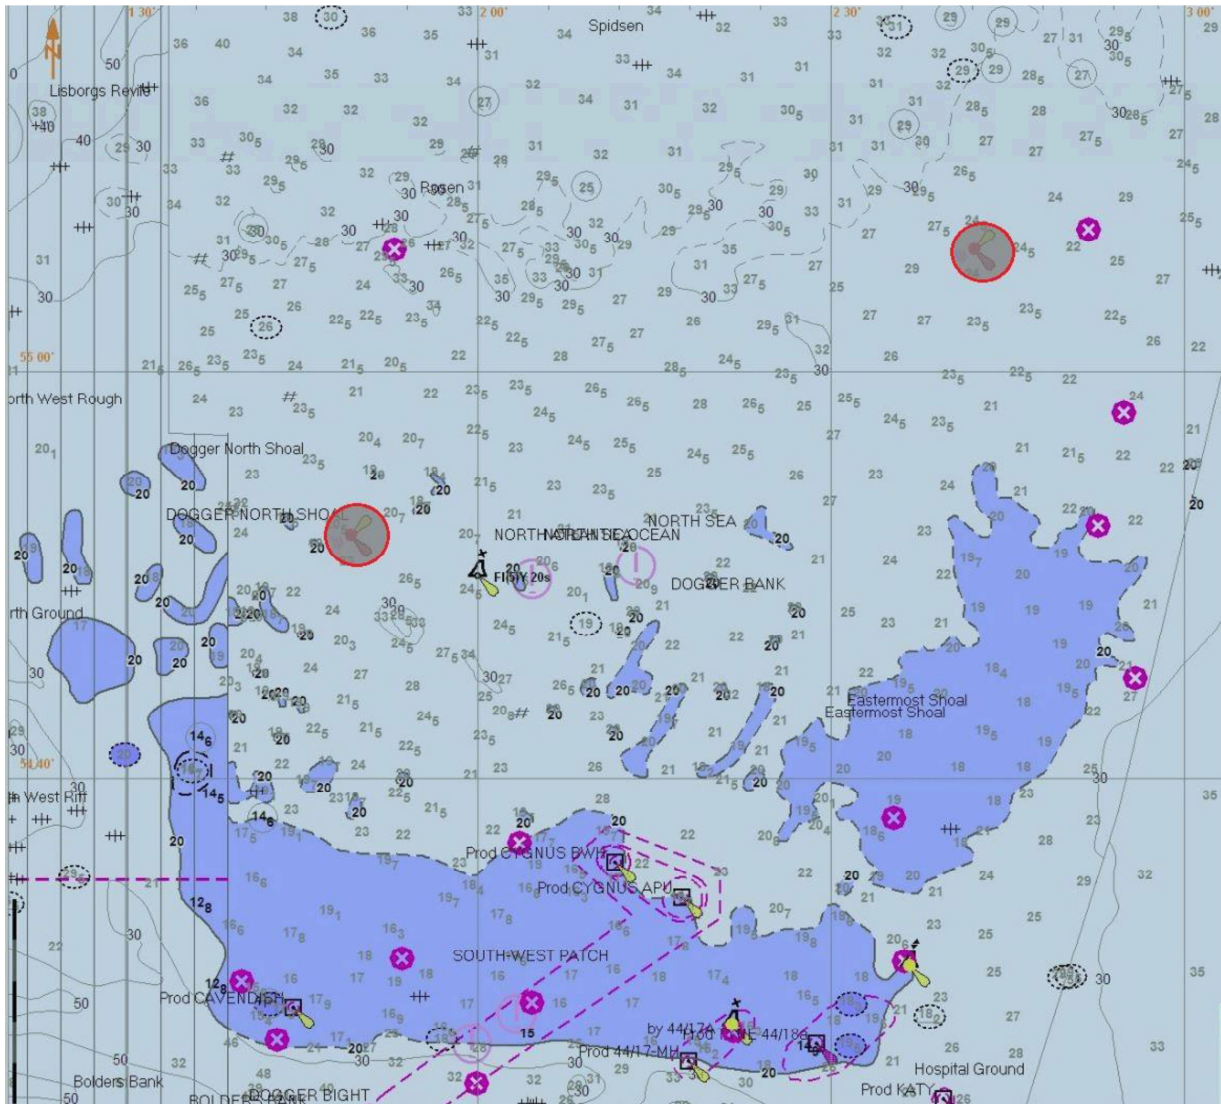

Figure 1: Location of the works

Latitude and longitude of the position are as follows:

Point	Latitude	Longitude
East Metmast	55° 05' 57.8"	002° 42' 09"
West Metmast	54° 52' 01"	001° 49' 11.9"
