

NOTICE TO MARINERS - HORNSEA ONE PROJECT ONE

Update to Jack Up Accommodation Platform Operations

Hornsea Project One – Notice to Mariners – Accommodation Platform Update - Issued 29/05/2018

1. INTRODUCTION

Hornsea Project One Offshore Wind Farm is located within the UK Sector of the North Sea off the coast of East Yorkshire. Mariners are advised that a jack-up accommodation platform – the GMS Evolution - will be positioned at the site of the RCS on or during the week following 8th June 2018.

2. SAFETY

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, within the area of operations, that could be damaged or form a hazard to accommodation platform, advises the Projects Fishing Industry Liaison of the position and nature of those objects.

When works commence a listening watch will be maintained on VHF Channel 12 and 16 when within the appropriate port authority area, and will actively transmit an AIS signal. The Accommodation Platforms will also broadcast at regular daily intervals, vessel position, operational information and intentions.

3. IMMEDIATE CONTACTS

The contents of this notice are based upon our current understanding of Project One requirements. A further notice will be issued with any further updates. Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to:

Mob: +44 (0) 7760 160 039 Email: alex@brownmay.com

5. OPERATIONS

This jack-up accommodation platform will be positioned alongside the Reactive Compensation Station (RCS) located on Hornsea Project One Export Cable Route. The platform will be positioned next to the RCS from 8th June 2018 and will remain throughout the commissioning of the RCS.

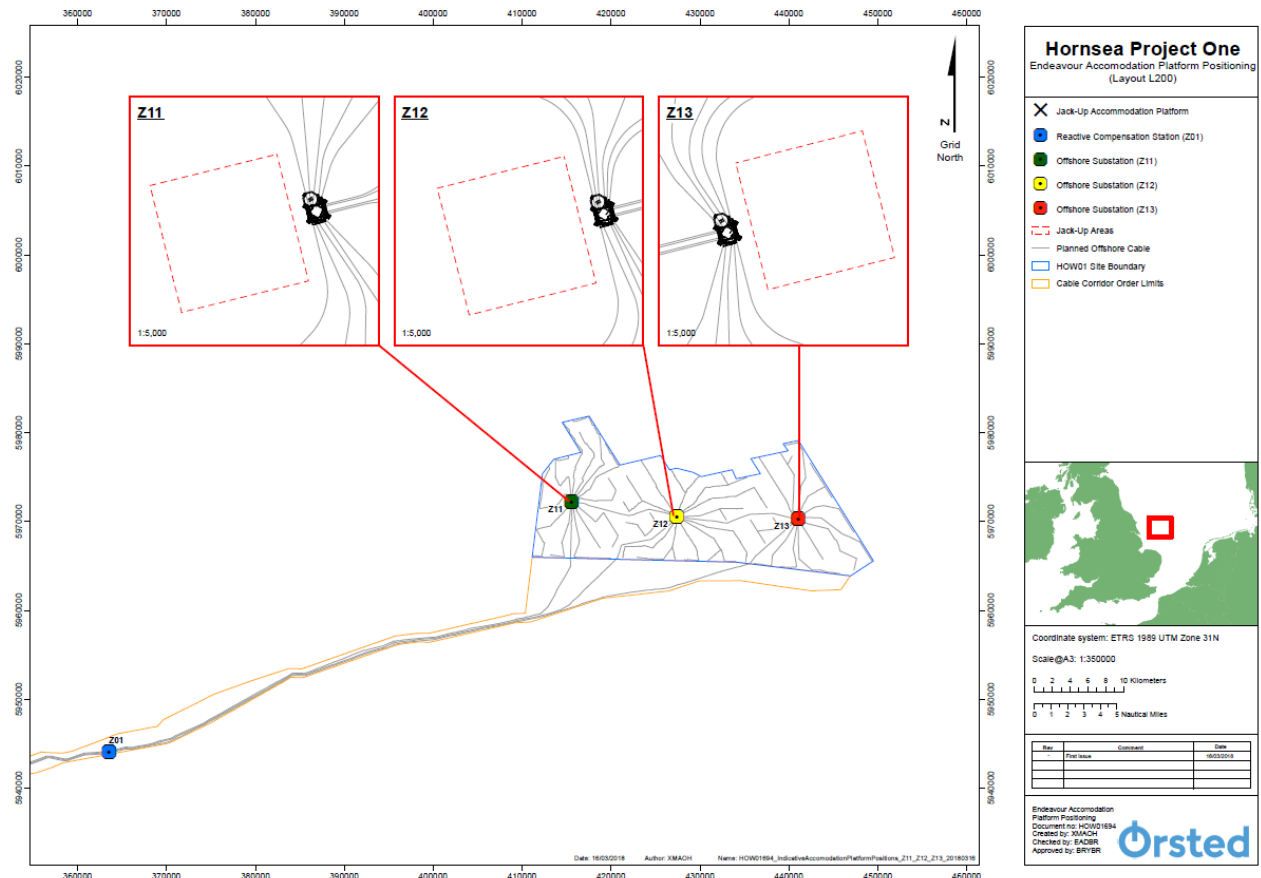

Figure 1: Location of RCS (blue circle) and locations of accommodation platform alongside offshore substations already within the wind farm array

| RCS Co-ordinates | | | |
|------------------|--------------|--------------|---------------|
| Easting (M) | Northing (M) | Latitude (N) | Longitude (E) |
| 363514.20 | 5944066.90 | 533739.283 | 005609.840 |

The vessel will be deployed to the RCS as per the position shown in the Figure and Table above.

The vessel will provide offshore accommodation to workers on the Hornsea Project One construction site. It will be requested that all vessels operating within the area to keep a safe distance (500m) and pass at minimum speed to reduce vessel wash.

Operations will be conducted on a 24 hour basis. Throughout operations the vessels will be displaying the shapes and lights prescribed in the International Rules for the Prevention of Collisions at Sea (COLREGS) Rule 27. Displaying the prescribed shapes and lights when the vessel is restricted in its ability to manoeuvre.

6. VESSELS

The jack up accommodation platform at the RCS will be the GMS Evolution, whose details are provided below. Contact can be made directly with the vessel using the contact details below. Client and contractor contact details are provided in Section 3 of this NtM.
