

NOTICE TO MARINERS - HORNSEA ONE PROJECT ONE Pre lay Works for Crossing Third Party Cables/Pipelines

Hornsea Project One – Notice to Mariners March 2018. Issued 2/03/2018

1. INTRODUCTION

Mariners are advised that Hornsea Project One will be commencing pre-lay separation layer placement works for crossing third party cables/pipelines along the offshore export cable corridor (rock protection and concrete mattresses). Hornsea Project One Offshore Wind Farm is located within the UK Sector of the North Sea off the coast of East Yorkshire. Pre-lay concrete mattress works will commence on or about **7 March 2018**.

2. SAFETY

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, within the area or operations, that could be damaged or form a hazard to vessel or equipment undertaking the placement of this separation layer ie concrete mattress and rock protection , advises the Projects Fishing Industry Liaison of their position and nature.

When works commence a listening watch will be maintained on VHF Channel 12 and 16 when within the appropriate port authority area, and will actively transmit an AIS signal. The vessel will also broadcast at regular daily intervals, vessel position, operational information and intentions.

3. IMMEDIATE CONTACTS

The contents of this notice are based upon our current understanding of Project One requirements. A further notice will be issued with any further updates. Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to:

The vessel will be deployed to offshore locations within the export cable corridor at times and positions determined by client requirements, weather and sea conditions.

The operations will commence on or about the **7 March 2018** with **EDT Jane**. The exact finish date is dependent on the prevailing weather conditions, vessel downtime and work progress.

The vessel will be undertaking installation of pre lay concrete mattresses and this will restrict its ability to manoeuvre. It will be requested that all vessels operating within the area keep a safe distance (500m) and pass at minimum speed to reduce vessel wash.

Please be advised that **Tideway** will be carrying out the operations with the **EDT Jane**.

Operations will be conducted on a 24 hour basis. Throughout operations the vessels will be displaying the shapes and lights prescribed in the International Rules for the Prevention of Collisions at Sea (COLREGS) Rule 27. Displaying the prescribed shapes and lights when the vessel is restricted in its ability to manoeuvre.

6. VESSELS

Pre lay works will be conducted by the vessel **EDT Jane**, whose details are provided below. Contact can be made directly with the vessels using the contact details listed below. Client and contractor contact details are provided in Section 3 of this NTM.
