1. INTRODUCTION

Please be advised that Fugro will be carrying out ROV operations with the vessel Larissa in the Hornsea Project Three area. The centre of the site lies in the North Sea approximately 130 km off the coast of Lincolnshire, and to the east of two other wind farm sites proposed in the Hornsea Zone.

2. VESSEL

Operations will be conducted by the vessel MV Larissa whose details are provide below. Contact can be made directly with the vessel using the contact details listed below. Client and contractor contact details are provided in section 3.

MV Larissa (call sign LAKX7) (Figure 2), a dynamically-positioned vessel, will be conducting ROV operations. She is anticipated to arrive on site on or around 3 October 2017 and it is anticipated she will be on site for a duration of 1 to 2 days between 3 and 10 October.

MV Larissa will be operating on a 24-hour basis. Throughout site operations, the vessel will be displaying the appropriate lights and shapes as required under the COLREGS Rule 27 (b) and requests that other vessels maintain a wide berth and pass at slow speed.
