

# NOTICE TO MARINERS - HORNSEA PROJECT ONE Decommissioning of Anemometry Mast

Hornsea Project One - Notice to Mariners January 2019. Issued 04/01/2019

## 1. INTRODUCTION

Mariners are advised that Hornsea Project One will be undertaking works to decommission the Anemometry Mast within the Hornsea Project One Zone. Hornsea Project One Offshore Wind Farm is located within the UK Sector of the North Sea off the coast of East Yorkshire.

The decommissioning works will commence with DP2 Apollo on or about 12th January 2019.

# 2. SAFETY

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, within the area of operations, that could be damaged or form a hazard to the works vessels and their equipment, advises the Projects Fishing Industry Liaison of their position and nature.

When works commence a listening watch will be maintained on VHF Channel 12 and 16 when within the appropriate port authority area, and will actively transmit an AIS signal. The vessels will also broadcast at regular daily intervals, vessel position, operational information and intentions.

#### 3. IMMEDIATE CONTACTS

The contents of this notice are based upon our current understanding of Hornsea Project One requirements. A further notice will be issued with any further updates, as well as Weekly Notice of Operations throughout the Works. Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to:

#### 5. OPERATIONS

Activities will be undertaken at the following position within the Hornsea Project One wind farm. The Met Mast (HS-MM1) is located in the centre of the Hornsea Offshore Wind Farm, approximately 75 nautical miles from the coast of Grimsby. The co-ordinates are as follows:

The vessel will be deployed to offshore locations within the Hornsea Project One wind farm, at times and positions determined by client requirements, weather and sea conditions.

The operations will commence on or about the **12th January 2019**. The exact finish date is dependent on the prevailing weather conditions, vessel downtime and work progress.

The vessel will be deploying decommissioning equipment, and this will restrict its ability to manoeuvre. It will be requested that all vessels operating within the area keep a safe distance (500m) and pass at minimum speed to reduce vessel wash.

Operations will be conducted on a 24 hour basis. Throughout operations the vessels will be displaying the shapes and lights prescribed in the International Rules for the Prevention of Collisions at Sea (COLREGS) Rule 27. Displaying the prescribed shapes and lights when the vessel is restricted in its ability to manoeuvre.

## 6. VESSELS

Works will be undertaken by the vessel *DP2 Apollo* whose details are provided below. Contact can be made directly with the vessel using the contact details listed below. Contractor contact details are provided in Section 3 of this NTM.
