Works will commence with **THV Patricia** on or about **29 June 2019**.

2. SAFETY

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, within the area of operations, that could be damaged or form a hazard to the works vessels and their equipment, advises the Projects Fishing Industry Liaison of their position and nature.

When works commence, a listening watch will be maintained on VHF Channel 12 and 16 when within the appropriate port authority area and will actively transmit an AIS signal. The vessels will also broadcast at regular daily intervals, vessel position, operational information and intentions.

The vessel will be deployed to offshore locations, at times and positions determined by client requirements, weather and sea conditions.

The operations will commence with **THV Patricia** on or about the **29 June 2019**. The exact finish date is dependent on the prevailing weather conditions, vessel downtime and survey progress.

The vessel will be relocating buoys, and this will restrict its ability to manoeuvre. It will be requested that all vessels operating within the area keep a safe distance (500m) and pass at minimum speed to reduce vessel wash.

Operations will be conducted on a 24 hour basis. Throughout operations the vessels will be displaying the shapes and lights prescribed in the International Rules for the Prevention of Collisions at Sea (COLREGS) Rule 27.
