

Notice to Mariners

NOTICE TO MARINERS - HORNSEA PROJECT ONE Export Cable Nearshore Cable Burial

Hornsea Project One – Notice to Mariners August 2019. Issued 09/08/2019

1. INTRODUCTION

Mariners are advised that Hornsea Project One will be undertaking cable burial works along small sections of the nearshore part of offshore export cable corridor. Hornsea Project One Offshore Wind Farm is located within the UK Sector of the North Sea off the coast of East Yorkshire.

Nearshore export cable burial works will commence with **Coastal Challenger** on or about **15 August 2019** as shown on the map below.

2. SAFETY

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed, within the area of operations, that could be damaged or form a hazard to the works vessels and their equipment, advises the Projects Fishing Industry Liaison of their position and nature.

When works commence a listening watch will be maintained on VHF Channel 12 and 16 when within the appropriate port authority area, and will actively transmit an AIS signal. The vessels will also broadcast at regular daily intervals, vessel position, operational information and intentions.

3. IMMEDIATE CONTACTS

The contents of this notice are based upon our current understanding of Project One requirements. A further notice will be issued with any further updates, as well as Weekly Notice of Operations throughout the Works. Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to:

Export Cable Works

Tel: +31 76 206 50 23	Mob: +32 470 89 55 35	E-mail: Swaegers.Ken@deme-group.com

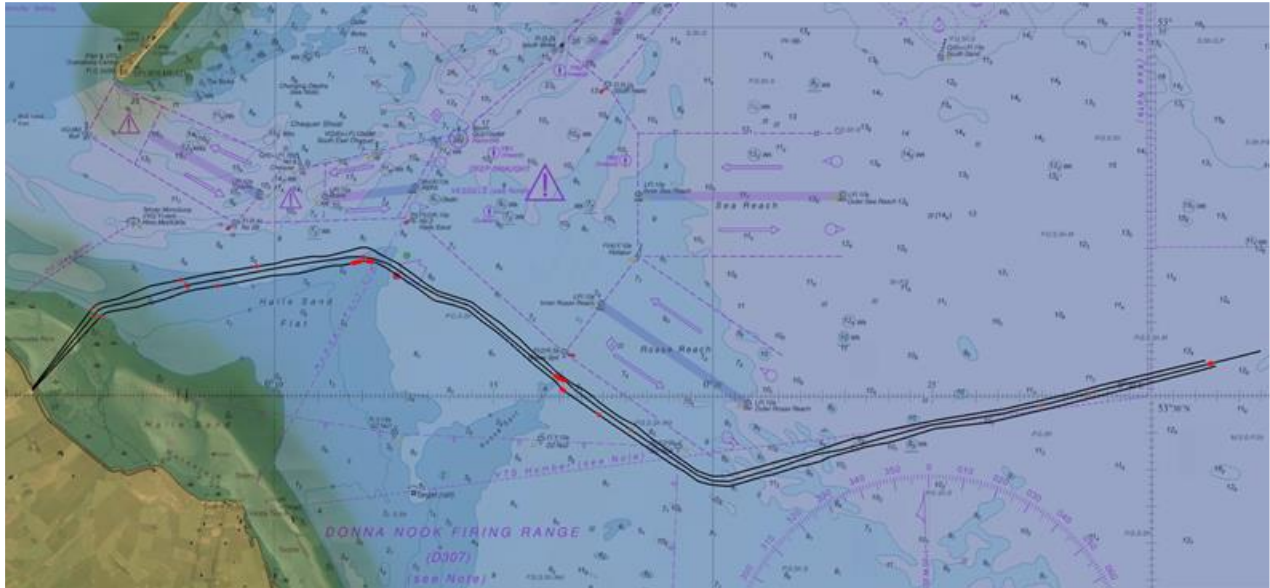

4. FISHERIES LIAISON

Project One Onshore Fisheries Liaison is provided by Nick Garside and Alex Winrow-Giffin and can be contacted on:

Mob: +44 (0) 7538 827 013 Email: nick.garside@live.co.uk
Mob: +44 (0) 7760 160 039 Email: alex@brownmay.com

5. OPERATIONS

Activities will be in sections (indicated in red) of the Hornsea Project One offshore wind farm nearshore export cable corridor along the cable lines (in black) as shown on the map below.

The vessel will be deployed to offshore locations within the above section of the export cable corridor, at times and positions determined by client requirements, weather and sea conditions.

The operations will commence with **Coastal Challenger** on or about **15 August 2019**. The exact finish date is dependent on the prevailing weather conditions, vessel downtime and works progress.

The vessel will be deploying cable burial equipment, and this will restrict its ability to manoeuvre. It will be requested that all vessels operating within the area keep a safe distance (500m) and pass at minimum speed to reduce vessel wash.

Operations will be conducted on a 24 hour basis. Throughout operations the vessels will be displaying the shapes and lights prescribed in the International Rules for the Prevention of Collisions at Sea (COLREGS) Rule 27. Displaying the prescribed shapes and lights when the vessel is restricted in its ability to manoeuvre.

6. VESSELS

Vessel details are provided below. Contact can be made directly with the vessel using the contact details listed below. Contractor contact details are provided in Section 3 of this NTM.

Vessel Contact Details (Coastal Challenger)	
V-Sat Bridge	+31 1850 0905 85
Immarsat Bridge	+87 0773 2004 01
V-Sat Captain	+31 1850 0905 85
Email	challenger@coastalworkboats.com

General Information (Coastal Challenger)	
Name	Coastal Challenger
Flag	Netherlands
Year Built	2012
IMO Number	9647320
Call Sign	PBOC

Class	Tug
	
Dimensions	
Length	37 m
Beam	11.84 m
Draught	1.53 – 2.12 m
Gross Tonnage	417 tonnes
