4 JS	Inadequate funding leading to overspending or reduced level of service	The Authority precepts upon Northumberland County Council (83.37%) and North Tyneside Metropolitan Borough Council (16.63%). The Authority membership includes councillors with these authorities. Contingency planning between CEO, Finance Officer and Chair has been undertaken in that regard and reported to the Authority. Tight financial controls. Financial Regulations are implemented. Budget report by Finance Officer to Chief Executive as well as meeting at least once a week between Finance Officer and Chief Executive. Under the Marine and Coastal Access Act, additional funding has been awarded by DEFRA for New Burdens which is confirmed to continue until the end of 2019-20. Base costs and overheads have increased but rigorous planning of the budget continues and there is compliance with Audit recommendations. In addition the Authority's patrol vessel St. Aidan brings increased efficiency and savings in terms of running costs and maintenance as well as increasing chartering opportunities and thereby income because of increased capability. Periodic budget increases, as have occurred over the last few years, mitigate the risk of overspend or reduced level of service. Work has been undertaken upon an alternative budget in case new burdens funding ceases or is reduced.	1	3	7	Finance Officers reporting to Chief Executive, and to the quarterly meeting of the Authority.	Finance Officer reporting to CEO	Continuing to work with NCC to strengthen procedures under the Audit Action Plan. The Authority will also continue to regulate as may be required under the European Marine Site Revised Approach to Fisheries Management and MPAs generally. The enhanced IFCA byelaw-making process including specific provision for consultation and Impact Assessments should reduce the risk of Defra or MMO objection to a proposed newbyelaw. Working closely with other IFCA's and Association regarding National (Boilerplate) Byelaws.	1	3	7	All relevant staff and the Authority. NIFCA also responded to MMO consultation in early 2018 on the byelaw making process and will monitor the outcome. 9 MH	Failure to adequately manage the continuation of the Northumberland IFCA and all duties under the implementation of the Marine and Coastal Access Act 2009.	IFCA duties and remit are now fulfilled by the Authority. NIFCA was consulted upon preparation of the Parliamentary Report by Defra on IFCA's first 4 years and the report was received in which NIFCA was very well reported on. We responded to the latest quadrennial review in August 2018 and result published last Autumn 2018. Also now evaluation of IFCA's for Defra by RBA/ABPmer. Report due in the Autumn of 2019. Throughout NIFCA's first 7 years, MOUs with partner agencies have been followed and in particular the Authority has implemented and worked with partner agencies locally upon a Joint Working Arrangement (JWA). This has ensured compliance with the provisions of the Marine & Coastal Access Act 2009 as these affect IFCA's. The IFCA followed the original High Level Objectives, Outcomes and Performance Indicators (and continue to do so for revised Success Criteria) and that has been done as much as possible and satisfactorily bearing in mind resource limitations and extra responsibilities which have been given to IFCA's. As well as guidance to IFCA's from Defra, the IFCA has also established its Annual Plan and Annual Report which are followed in managing its role. Following review of Employment Contracts, Performance Review and Reward (ECPR&R) the Authority has fully implemented a staff Grading Structure.	1	3	7	This is built into the High Level Objectives for the IFCA in the Annual Plan and as confirmed in the revised Success Criteria.
