

Notice to Mariners – Hornsea Project Two

Notice of Transponder and Measurement Buoy Deployments – 19/05/2020

1. INTRODUCTION

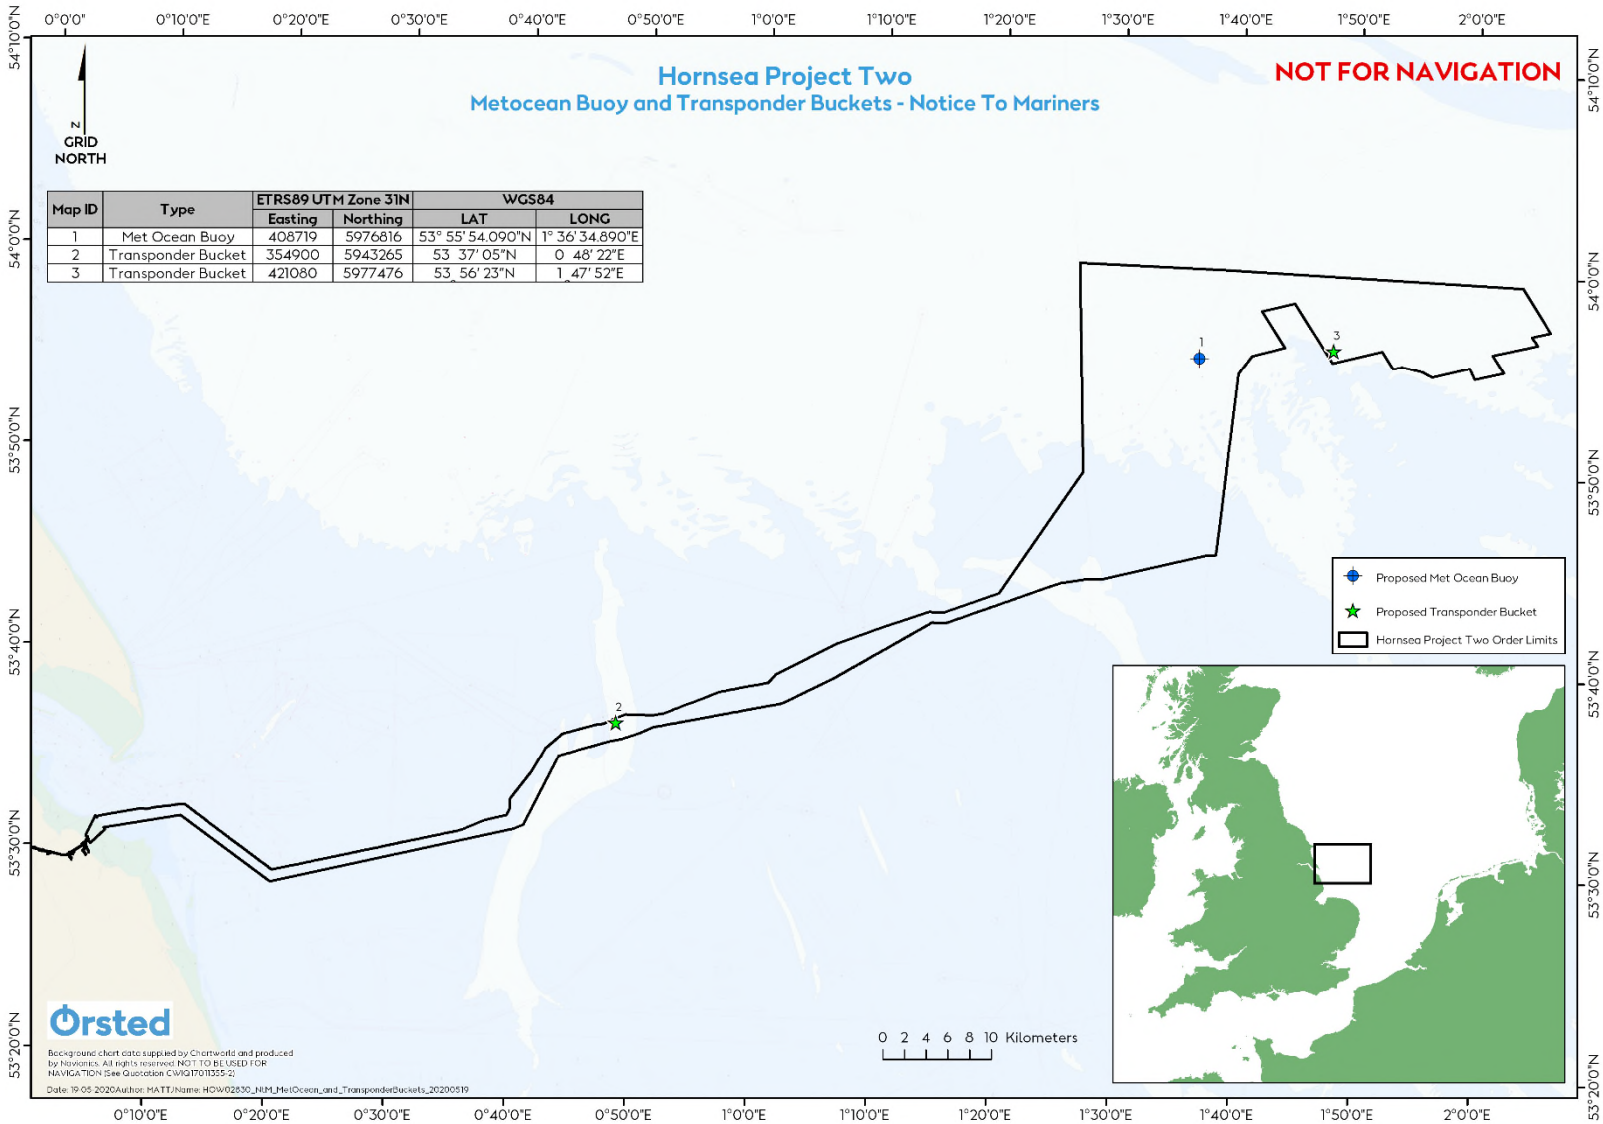

Mariners are advised that Ørsted will be deploying devices for measurements and site investigations as part of construction of the Hornsea Project Two Offshore Wind Farm.

2. AREA OF OPERATIONS

The devices will be placed within the Order Limits of the Hornsea Project Two offshore wind farm as shown in Figure 1. Mariners are advised that MaxSea and Olex plotter files of the proposed works area can be provided by the Project's Commercial Fisheries Advisors at Brown and May Marine Limited and the Project's onshore fisheries liaison. Contact details are provided in Section 5 of this Notice.

Note that these works will be carried out alongside other seabed preparation and construction activities as part of Hornsea Project Two.

Figure 1. Proposed Deployment Locations

3. PROPOSED ACTIVITIES

Please be advised that Ørsted will be deploying measurement buoys and transponder buckets within the Hornsea Project Two Offshore Wind Farm as shown in Figure 1. These will be deployed on or after 26th May 2020.

Note that these will remain on location throughout construction of the Hornsea Project Two Offshore Wind Farm and mariners should take note of their presence. During deployment, vessels will have limited manoeuvrability and it is requested that all vessels operating near the vessels maintain a safe distance (at least 500m) and pass all vessels at minimum speed.

3.1 Safety

It is requested that anybody having knowledge of any potential objects submerged or moored on the seabed within the survey area that could be damaged or form a hazard to the vessel and its equipment advises the Project's Fishing Industry Liaison of their position and nature. The Project has also requested the clearance of static fishing gear within the boundary shown in Figure 1. When works commence a listening watch will be maintained on VHF Channel 12 and 16 when within the appropriate port authority area and will actively transmit an AIS signal.

4. IMMEDIATE CONTACTS

The contents of this notice are based upon our current understanding of Project Two requirements. A further notice will be issued when the devices are removed.

Enquiries regarding the contents of this Notice to Mariners or any other matters should be directed to:

Project Manager Measurements (Ørsted) (Office hours only)	Vasco Dias Borges Nunes	
	Tel: +44 78 2 7566175	E-mail: VASNU@orsted.co.uk
Project Manager Geoscience Construction (Ørsted) (Office hours only)	Paul Duncan	
	Tel: +44 79 4 1233902	E-mail: XPDUN@orsted.co.uk

5. FISHERIES LIAISON

Onshore Fisheries Liaison is provided by Nick Garside and Sophie Farenden who can be contacted on:

E-mail: nick.garside@live.co.uk	Mob: +44 (0) 7538 827013
Email: sophie.farenden@brownmay.com	Mob: +44 (0)7525 128344

An Offshore Fisheries Liaison Officer is on board the Kamara, they are contactable on VHF channel 16, if required.

In the event the Onshore Fisheries Liaison is not contactable please direct fisheries enquiries related to the works to the Ørsted Company Fisheries Liaison Officer:

Company Fisheries Liaison Officer – Courtney French	Tel: +44 (0)7796 447372	E-mail: CONFR@orsted.co.uk
--	-------------------------	--

6. VESSELS

Operations will be conducted by the Kamara and the Voe Vanguard. Contact can be made directly with the vessels, where necessary, using the contact details listed below. Client and contractor contact details are provided in Section 4 and 5 of this NtM.
